Code of practice - Designing Buildings Wiki - Share your construction industry knowledge. Codes of practice (often just referred to as 'codes' or CoPs) typically give authoritative and practical guidance about how those in a particular profession or activity should behave or undertake tasks in order to comply with legal or professional obligations.

### **Code of practice - Designing Buildings Wiki**

Code of construction practice - Designing Buildings Wiki - Share your construction industry knowledge. A code of construction practice (CoCP) sets out the standards and procedures to which a developer or contractor must adhere in order to manage the potential environmental impacts of construction works.

### **Code of construction practice - Designing Buildings Wiki**

Codes of practice provide information on a specific issue and help you achieve legal standards. Remember, these codes don't cover every risk which may arise. It's best for you to consider all hazards connected to your work, not only those that are regulated. If you're a duty holder, you can use another method to meet your legal duties.
