Dot Paper Tessellations - mail.trempealeau.net

overlaps or gaps. Tessellations occur in nature, as illustrated by the honeycomb of bees (a tessellation of hexagons), in masonry (in the walls and oors of buildings), and in artwork. In this activity, we will explore how to make our own tessellations using dot paper. You Will Need: Dot paper (which can be found on the last page) A pencil An eraser A ruler

CEMC at Home Grade 4/5/6 - Friday, April 3, 2020 Dotty ...

Tessellations are usually made from grids. Divide the paper to 32 equal parts on both directions to get a 32x32 Grid. 16 grids may be good for beginners, and 64 grids will bring an amazing effect and finger aches. Common grids are the Square and the Hexagon (which includes the Triangle grid, since we all fold our hexagon by making six triangles).

Tessellations: A Brief Theory of Warping Paper | OrigamiUSA

2. Make 2 dots on the edge of a strip of paper: 3. Make dots on the other strips, the same distance apart as on the 1st strip: 4. Rip the tracing paper in half. Label both parts: 5. Line up the dots and trace that triangle onto the "mama" paper. 6. Check your work: You have 3 equal sides and 3 equal interior angles? 7.

Do-It-Yourself Tessellation - Tracing Paper - Triangle Spin

Then, stick all those parts with a glue and there you have your first tessellation pattern. All that's left to do is trace it on a piece of paper repeatedly.
