and the number of illustrations included in the work. However, you might also run into several copies for sale, as reformatting the print copy into an eBook still took some work. Some of your search results may also be related works with the same title.

### **Injection Volume 3**

Volume three centers almost exclusively around the actions of Brigid Roth, an advanced technologist that was part of the group that created the Injection. The story builds on the established work of previous volumes, but it works very well as a stand-alone tale, a real rarity for a continuing series. The art is excellent.
